ASIAN CONFERENCE ON REMOTE SENSING (ACRS) 2022-MONGOLIA

The 43rd Asian Conference on Remote Sensing

3-5 October, 2022 in Ulaanbaatar, Mongolia

THE THIRD ANNOUNCEMENT

The 43rd Asian Conference on Remote Sensing (ACRS2022) will be held on 3-5 October, 2022 in Ulaanbaatar, Mongolia. The conference is expected to be an interdisciplinary forum for leading researchers and students in related areas to present the latest developments, works, and applications, to discuss cutting-edge technology, to exchange research ideas, and to promote international collaboration in this field.

ACRS 2022 will be organized in hybrid mode both onsite and online. However, considering the unclear condition of Covid-19, international participants are recommended to participate online. Accordingly, the dates of ACRS2022 will be reduced from five days to three days.

Presentations: Online presentations will be organized. The online participants are requested to provide video file of the presentations for backup.

All sessions are to be organized both online. We will keep you updated on the local situation.

Important dates

Deadline for abstract submission	Extended to 13th August 2022
Notification of abstract acceptance	Extended to 20th August 2022
Deadline for full-text/extended abstract submission	Extended to 10th September 2022

Registration Fee

Category		Online Participants	On-site Participants
International Participant (Regular & Student)		50 US\$	150 US\$
Domestic Participant	Regular	50 US\$	150 US\$
	Student	25 US\$	75 US\$

Conference publications ○ Either full paper or extended abstract is acceptable for ACRS proceedings. ○ Those who are applying to Shunji Murai Award, Innovation Award and Green Asia Award are requested to submit full papers. The winner's papers are invited to be published in Asian Journal of Geoinformatics (ISSN: 1513-6728). In that case, the (extended) abstract will be published in ACRS proceedings.
