

# CALL FOR PAPERS ISRS 2026

International Symposium on Remote Sensing 2026  
Held in conjunction with the 80<sup>th</sup> RSSJ spring meeting

May 13-15, 2026 at Kunibiki Messe, Matsue, Japan  
<https://www.rssj.or.jp/isrs2026/>

**Abstract submission and registration** for ISRS 2026 will be open in January 15, 2026, to all scientists, engineers, and students working in the fields of remote sensing and related geospatial information technologies.

## Important Date

Abstract submission deadline : February 14, 2026  
Full-paper submission deadline : March 31, 2026  
Early registration deadline : March 31, 2026

## Registration

- All presenters and participants are kindly requested to register via the online registration system

<https://x.gd/I3sk4>  
Open in January 2026

## Registration Categories and Fees

Categories	Early-Bird	Regular (from 1 April 2026)
General	30,000 JPY (200USD) *	35,000 JPY (250USD) *
Student	10,000 JPY (65USD) *	15,000 JPY (100USD) *

\*The dollar amounts are approximate conversion amounts of payments.  
Payment will be made in Japanese Yen and can be made by credit card only.

- Early bird registration at a reduced rate is available until 31 March 2026.
- Cancellation must be made by **April 13, 2026** to receive a refund. A handling fee will be deducted from the refunded amount. No refund will be issued after **April 14, 2026**.
- No refunds will be given for no-shows.

## Abstract Submission

**Note: Presenters must complete their registration before submitting their abstracts. A registration number is required when submitting an abstract.**

- Authors wishing to present at ISRS 2026 must complete the online abstract submission form and submit it through the online submission system at the link below. **Email submissions will not be accepted.**

**Link will be announced in January 2026**

- Papers reporting original and unpublished research results on relevant topics are invited.
- All accepted papers are expected to be presented at the symposium and will be included in the conference proceedings.
- Participants are kindly requested to submit their abstracts by **February 14, 2026**.

## Student Paper Competition

- Student Paper Awards will be presented to the winners of the Student Paper Competition. The evaluation will be conducted by the Evaluation Committee, and the results will be announced during the Closing Ceremony on May 15, 2026, the final day of the symposium.
- Students who wish to apply for the competition should select "YES" during the Abstract Submission process.
- Please note that the first author must be a student.**

## Organized by

Remote Sensing Society of Japan (RSSJ)  
Korean Society of Remote Sensing (KSRS)  
Chinese (Taipei) Society of Photogrammetry and Remote Sensing (CSPRS)  
Japan Society of Photogrammetry and Remote Sensing (JSPRS)

## Contact

Remote Sensing Society of Japan (RSSJ)  
ISRS2026 organizing committee  
Email: [isrs2026@rssj.or.jp](mailto:isrs2026@rssj.or.jp)

## List of topics

### 1. Sensor/Platform and Cal/Val

- Optical Sensor
- Microwave Sensor
- Infrared sensor
- New satellite mission
- SAR
- Lidar
- Others

### 2. Planetary Remote Sensing

- Exploration Mission
- Instrument Technology
- Geomorphology and Geology
- Others

### 3. Remote Sensing Applications

- Land
- Ocean
- Atmosphere
- Cryosphere
- Water resources
- Food security
- Climate Change
- Public Health
- Hazard Mitigation
- Landslide
- Earthquake
- Fire
- Volcano
- Tsunami
- Others

### 4. Algorithm development and Image Processing

- Data Fusion and Data Mining
- Calibration and Registration
- Classification
- Feature Extraction
- DEM/3D modeling
- Change Detection
- Data Compression
- Microwave and Lidar Processing
- SAR Processing
- Others

### 5. AI/ML Technology

- Artificial Intelligence and Machine Learning
- Big Data from Space
- Internet of Things (IoT)
- Others

### 6. Geographical Information Sciences (GIS)

- Integration of Remote Sensing and GIS
- Mobile GIS
- Data Quality and Spatial Data Standards
- Data Interoperability
- Social Media
- Cloud Computing
- Others

### 7. Mapping

- Mobile Mapping
- Photogrammetry
- Others

### 8. Global Navigation Satellite Systems (GNSS)

- GNSS Application
- Indoor and Outdoor Navigation
- Location-Based Service
- Others

## Call for Special session

Special Sessions allow conveners to bring together invited speakers and design their own program, offering a unique opportunity to highlight emerging topics. Send your proposal to [isrs2026@rssj.or.jp](mailto:isrs2026@rssj.or.jp) and help shape the ISRS 2026 program.

### Application deadline: February 28, 2026

- Each Special Session is allocated 90 minutes. If each presentation is 15 minutes long (as in regular sessions), up to six speakers can be accommodated; however, conveners may freely decide how to divide the time among speakers.
- Special Sessions are subject to a fee. The cost for one 90-minute session is **150,000 JPY (approximately 1000 USD)**. Payment should be made by bank transfer. Upon acceptance of your proposal, payment instructions will be provided.
- All conveners, presenters, and participants in Special Sessions are required to register for ISRS2026. Please ensure that all participants complete their registration prior to the conference.
- Information about the presentation list included in the Special Session must be submitted by March 31, 2026.
- Due to program constraints, we may not be able to accommodate all requests. We appreciate your understanding in advance.

## Exhibition

We are pleased to announce that corporate exhibitions will be invited for **ISRS 2026**. The exhibition will take place in the Main Hall of Kunibiki Messe.

### Exhibition fee

JPY 200,000 (approximately USD 1,500) per booth

### Benefits

Complimentary registration for two participants

### Company logo

Featured on the official website and in the conference program booklet

Further details, including the application procedure, will be announced around **January 2026**.
